

Republican labor vote will be cast as before.

"In the agricultural regions it is quite apparent that the farmers are opposed to a change that will imperil their present prosperity. The situation in Ohio is entirely satisfactory, and no one has any reasonable doubt but that the Republican majority will be substantially one, the certain have no doubt on the subject myself."

Accident to His Train.

Again today the Taft special was delayed by accident. In trying to negotiate a sharp curve, the Cadillac Junction to Cadiz, Ohio, it was found that the train was too heavy for the grade, notwithstanding two engines were used.

The train was run back to the junction and three engines were cut off. On the second attempt, while a speed of about ten miles an hour was being made, two wheels of the second engine jumped the track. Before a stop could be made the train ran into two lengths and the wheels which were on the ties, cut them in two. On either side of the track the bank sloped down for twenty feet.

Staubenburgh and Wheeling furnished the big audience of the day, although at each of the nine stops there were crowds and enthusiasm. Mr. Taft constituted the chief attraction in a lengthy parade which marched through the streets of Steubenville for half an hour.

Afterwards an open-air meeting was held opposite the courthouse. The central market house was cleared at Wheeling, and there to-night the candidate addressed an immense audience, representing labor, and to whom he made his labor speech. Business men's meeting, participated in by many thousands, was afterwards held in the old Baltimore and Ohio station.

A Word to the Negro.

During the day the candidate traveled the greatest section of Ohio, and at Cadiz made his talk to farmers in the center of the wool-growing district. It was just dusk when Judge Taft left his home State and pulled across the Ohio River to West Virginia. To his Cadiz audience the candidate said in part:

"I am advised that a very considerable part of your population is colored, and I want to say that no part of the population has a deeper sympathy on my part than they. Coming to this country, through their labors, against their will, they have imposed upon those whose ancestry brought them here the obligation to see that in every way they have a square deal. This is their only country; this is the only flag they love, and this is the standard for which they have shown themselves willing and anxious to lay down their lives when the exigencies of the country required. They are American citizens. The rest of us are entitled to the same consideration."

Ten or twelve speeches have been made up to the candidate to-morrow on his way to Louisville, Ky., where he goes for an evening meeting. The following days of the Southern tour will have a lighter speaking itinerary.

LOEB DENIES KEEFE STORY

Declares There Has Been No Offer of Office; Committee Given Authority.

WASHINGTON, D. C., October 14.—Secretary Loeb to-day denied that President Roosevelt promised the office of Commissioner of Immigration to Daniel J. Keefe, of Detroit, president of the International Association of Longshoremen, in consideration of Mr. Keefe's action in being pro-Mr. Taft in opposition to the pro-Bryan campaign of President Gompers, of the American Federation of Labor. Mr. Loeb added that Mr. Keefe, in his denial of the story, was absolutely correct.

NEW YORK, October 14.—The Democratic National Committee issued a statement to-night, quoting Timothy Healy, president of the International Brotherhood of Stationary Firemen, as authority for the allegation that Daniel J. Keefe had been pro-Mr. Taft. The President's appointment as Commissioner-General of Immigration in return for that labor leader's support of Taft. The national committee had promised to make known its informant if the charge was denied, and it has been by Keefe and at the White House. The national committee quotes Mr. Healy in part as follows:

"I was in Washington Wednesday of last week on a matter dealing with our organization, which brought me in contact with the President. He told me that his informant was a member of the President's Cabinet, and knew what he was talking about. This information was not given me in a confidential manner, but will not give my informant's name for it is plain to see what would happen to him if his name came out."

"There is not any doubt in my mind but that the statement that the President offered Keefe the position, and that Keefe agreed to accept it, is true. Perhaps the offer was not made at a conference on October 3d last, but I believe it has been made."

CAMPAIGN FUND GROWING

In Within \$5,000 of Half Million—To Publish List To-Morrow.

CHICAGO, ILL., October 14.—The campaign fund of the Democratic National Committee and the names of all contributors of \$100 or more, which was made public by Treasurer Herman Ridder in New York to-morrow. Since the publication last Thursday of the contributors of \$500 and over, together with the total amount of the fund then in the treasury, the fund has been several large contributions, and the total amount is now about \$245,000. The publication of contributions of \$100 and over is in keeping with the Denver platform. After to-morrow the committee each day will publish the larger contributions. The bulk of the Democratic campaign fund has been raised by dollar contributions through the Democratic press. The largest single contribution, which was made last week was \$10,000 by Tammany Hall.

Governor Haskell, of Oklahoma, former treasurer, called at headquarters to-day and left for Ohio, where he will make a speech. National Chairman Mack announced to-night that Mr. Bryan would make daylight speeches through Indiana on October 20th.

KERN LOOKS FOR SUCCESS

He Appeals to the East to Lend Its Help in Electing Democratic Ticket.

JERSEY CITY, N. J., October 14.—John W. Kern, Democratic nominee for Vice-President, brought the first day of his Eastern speaking campaign to a close with a speech to a large crowd in Phoenix Hall, in this city to-night.

Two hours earlier he addressed a tremendous crowd in Newark and earlier in the day spoke to a good sized audience composed chiefly of business men in Elizabeth.

In his speech here to-night Mr. Kern, prophesying Democratic victory at the polls, said: "In 1876 a mighty contest was waged in this land, and the candidates were Samuel J. Tilden and Thomas A. Hendricks. New York, New Jersey and Indiana cast the deciding vote in that election. In 1884 another similar fight was waged and again New York, New Jersey and Indiana gave the vote that elected Grover Cleveland. And history repeated itself in 1892. And I come to you of the East from my home in Indiana to ask you to again join with us to bring about the success of the Democratic ticket, and I believe you will do it."

Twelve years of Republican rule, Mr. Kern said, have resulted in lowering the standard of living in this country, due to the persistent advancement in the cost of necessities, which advancement has not been reflected in wages.

In Newark Mr. Kern spoke to a great crowd. The meeting was preceded by a parade of marching clubs and automobiles through streets aglare with fire and lighted lanterns. Mr. Kern, in his speech, was warmly received by the thousands of people who trooped through the streets on the flanks of the marchers.

Mr. Kern was given an ovation when he presented to the audience. He opened his speech with laudatory comments upon the public career of Mr. Bryan. "Theodore Roosevelt, in naming the five most distinguished men in the United States only a few months ago, named William Jennings Bryan as one of them," he said.

THAT WAS GOING SOME

So Remarks Candidate Sherman After Ride of Much Excitement.

CUBA, N. Y., October 14.—With the close of fifty-mile automobile ride to-night from Horrell to Cuba, during which the car killed several chickens, knocked down a horse, and blew out a tire, James E. Sherman, Republican vice-presidential candidate, stepped upon the hotel veranda and remarked: "Well, that was going some."

Although to-day was supposed to be a quiet one for the candidate to afford his throat a much needed rest before the party reached here for the last meeting, there were a number of thrills and a down on the program. The first speech of the day was made at Horrell, where the candidate addressed a large noonday meeting of workingmen and their wives. Following the Horrell meeting, automobiles conveyed Mr. Sherman and his party to Cuba, Belmont and Friendship. At each of

THE VICTIM OF DRINK

Needs Orlene Treatment—Cure Effect or Money Refunded.

Drink first destroys ambition; breaks up of friendship; it kills and buries love and eventually destroys the family life. Some of the best men in the world have been victims of drink, and if there is not a member in your family that is afflicted with this disease you are indeed fortunate. Drink cunningly destroys the will power, and while the drunkard wastes to a what you tell him, he wants a thousand times more the drink that he craves. Medical treatment is necessary to destroy the craving, and this Orlene will do. It destroys the desire for liquor, so that the drink will not be missed, also cures the deranged digestion, weakened nerves and other ill effects of excessive drinking, restoring the patient to perfect health. The remedy is absolutely harmless, is thoroughly scientific, and is so uniformly successful that it is sold with a registered guarantee entitling you to a refund of your money if Orlene fails to effect a cure. Booklet on "How to Cure Drunkenness" sent on receipt of a sealed wrapper. The Orlene Co., Washington, D. C.

Burr McIntosh's Lecture.

Mr. Burr McIntosh's illustrated lecture, "With Secretary Taft in the Orient," was given at the Academy of Music last night. From an educational and artistic viewpoint, the lecture was a decided success. Interest in the itinerary of the distinguished party that traversed the Pacific, visited Hawaii, Japan, the Philippines and China, commenced when the "Manchu" steamed out of the "Golden Gate," bidding temporary farewell to the United States and is steadily increasing. The lecture, which American shores are again reached on the return trip. The lecturer was in excellent voice and spirit, notwithstanding the fact that he had a small audience, numbering scarcely 150, to enjoy the entertainment. It is possible that the entrance charge of 10 cents, and the fact that the small attendance than any evening, and yet, if many of those who enjoy such things knew what they have missed, they would not have missed themselves on an evening. The coming of Mr. Taft, who is to be in Richmond Saturday night, and who will be seen in the flesh and without any charge, has many away. Some of the scenes portrayed were beautiful in the extreme. Conditions in the Philippines, China, Japan and Hawaii were portrayed with the truthfulness of absolute reproduction. If, at some more opportune time, when there is less political excitement to attract the interest of the people, and the lecture should be given, it would be a most interesting and convenient to revisit Richmond and deliver the same lecture, there is little doubt that he would have a crowded house.

Madame Lillian Nordica, who will sing in the Academy of Music Monday night, will arrive here sometime Sunday afternoon or Monday morning on her private car, "Plymouth Rock." The sale of seats for her performance will open at the box office of the Academy this morning at 9 o'clock. None of the seats except those in the boxes have been reserved, so there will be an equal chance for everyone. No reservations can be made until after the office opens this morning.

The indications are that Madame Nordica will have a crowded house. This will insure the bringing here of several of the other great grand opera artists, among whom will probably be Caruso and Madame Emma Eames. At the Colonial is a bill of high-class vaudeville at the Colonial is of especial appeal to lovers of the artistic in music, because of the training of the vocalists, Miss Virginia Gillette and Mr. George MacFarlane, and the catchy songs they are offering during the half-hour spent before the footlights. The bill is full of high-class comedy, much of which is contributed by O'Brien Havel and Bessie Kyle, Johnny Stanley and family, and a stable, and contrary to both the State and municipal laws, and asking the court for the enforcement of their sentences.
